About the Institute

The Vasantdada Patil Pratishthan was established in 1981 and is registered under Society's Registration Act 1860 and Bombay Public Trust Act 1950. Vasantdada Patil Pratishthan's College of Engineering is established in 1990 with the grace of Late Padmabhushan Vasantdada Patil, the former Chief Minister of Maharashtra and Governor of Rajasthan. The college is spread over a total area of 7.34 acres of land out of which 4 acres is for play ground. It is located in the heart of Mumbai city, on the Eastern Express Highway and closely connected with central and harbor line train stations. The College is approved by All India Council for Technical Education (AICTE), New Delhi and Directorate of Technical Education (DTE), Maharashtra and affiliated to University of Mumbai to conduct degree courses in Computer Engineering, Electronics Engineering, Electronics and Telecommunications Engineering and Information Technology. The Institute was accredited by National Board of Accreditation (NBA) for 3 years(2012-15).

About ICIRTE

The ICIRTE 2017 conference provides global environment for the exchange of innovations and sustainable technologies related to the field of Electronics, Communications, Computer, Information Technology, Humanities Science, Mathematics and Management. It provides a platform to the students, faculties and researchers to present their ideas and novel concepts. It will help to create a forum for leaders in the field of technology, policy and industry to showcase new ideas and develop solutions for the remarkable challenges present in today's advanced technology. Conference is held in association with technical bodies IEEE, IETE, ISTE, CSI.

Conference Theme

Areas to be covered but are not limited to:

Electronics & Telecom.

- Electromagnetic, RF and RFIC circuit.
- Communications, RADAR, Wireless N/W
- Control System
- Signal & Image Processing

Computer and Information Technology

- Image Processing and Computer Vision
- Computer and Communication Security
- Intelligence System and Neural Network
- Database System
- Big Data
- High Performance Computing
- Cloud Computing and Social Network

Civil and Environmental Engineering

- Environmental dynamics, Meteorology, Hydrology
- Geophysics, Global environmental change and ecosystem management.
- Climate and climatic changes, Global warming
- Ozone layer depletion, Carbon capture and storage, Bio-fuels
- Environmental restoration and ecological engineering
- Hydraulic Engineering, Structural Engineering, Structural Mechanics
- Transportation Engineering, Green Buildings, Architectural Restoration
- Construction Management, Construction Technologies.

Electrical Engineering

- Electrical Engineering Materials, Electric Power Generation
- Transmission and Distribution, Power Quality, Power Economic
- FACTS, Renewable Energy, Electric Traction
- Electromagnetic Compatibility
- High Voltage Insulation Technologies
- High Voltage Apparatuses, Lightning Detection and Protection
- Power System Analysis, SCADA
- Electrical Measurements

Mechanical Engineering

- Fluid Mechanics, Combustion, and Engineering Physics
- Heat and Mass Transfer, Machine Design and Analysis
- Materials and Failure Analysis, Robotics, Solid Mechanics and Materials
- Thermal Engineering, Fracture Mechanics, Fluid engineering systems
- Safety Reliability & Risk Management, CAD/CAM/CIM
- Automotive Technology, Mechatronics & MEMS, Sustainable Energy
- Tribology, Machine Design & Dynamics, Composite Materials
- Nano Technology, Green Manufacturing, I. C. Engines
