Dear Principal/Director,

All India Council for Technical Education in collaboration with i4C and Persistent Systems has taken a unique initiative as Smart India Hackathon 2018 to identify new and disruptive digital technology innovations for solving the challenges faced by our country.

It is a great opportunity for the students to come-up with their innovative ideas corresponding to the problem statement raised by the Indian Government.

You are requested to motivate the hidden talented students of your institution to apply for SIH 2018. For further detailed information about the schemes, eligibility criteria, requirements, terms and conditions, kindly ask your students and faculty to visit <https://innovate.mygov.in/sih2018/>

With Regards,

AICTE
