Oscillation is the technical festival which is conducted under IETE by both the EXTC & ELEX department of our college. OSCILLATION means a combination of different materials which in our case is a mixture of technology.

Oscillation provides a platform for students to show off their technical skills and their talent. It is the tradition of this college which is being followed for more than 17 years now.

The motive of this event is to develop various skills of student in Co-curricular activities and expose them to the current trends in the technical and professional skill.

We then wrapped our events by 5.00pm in the event. In all the events, winners were awarded with prizes and certificates and volunteers were awarded with appreciation certificates. Our events unforgettable imprint remains with us.

We have been fortunate enough to be backed up by a team of very motivated and dedicated faculties, who know their job and are result oriented. We are glad that the efforts which were put in by everyone have bared us the fruits.

We extend our most sincere thanks to the entire oscillation family for their incessant support, guidance for making oscillation 2k18 a great success

*None of us got to where we are alone.*

*Whether the assistance we received was obvious or subtle,  
acknowledge someone's help is a big part of understanding the  
importance of saying.*

*"Thank You"*
