### Department of Information Technology

#### A Report on

#### “Concept & use of Cyber Hygiene in daily life”

A webinar on “**Concept & use of Cyber Hygiene in daily life**” was organized by Department of Information Technology, Vasantdada Patil Pratishthan's College of Engineering and Visual Arts.

It was conducted on Wednesday; 6<sup>th</sup> July 2022 at 1.30 pm. The webinar was delivered by Ms. Darshana Tambe, Assistant Professor IT dept.

The main purpose of event was to celebrate “Cyber Jagrookta Diwas” and to spread the awareness of cybercrime and its preventive measures amongst the students and faculties.

Cyber Jagrookta Divas is a government initiative that has been brought under the I4C scheme to **raise cybersecurity awareness among public sector undertakings (PSUs), panchayat raj institutions (PRIs), universities, schools, etc.** The exact guidelines relayed by the Home Ministry are that the **above-mentioned institutions must carry out an awareness campaign on the first Wednesday of each month for at least an hour.**

The MHA has asked the offices and branches of all the states and union territories to observe Cyber Jagrookta Divas and **prepare a comprehensive “Annual Action Plan”** that will act as a nodal guideline for year-round awareness campaigns. The Cyber Jagrookta Divas initiative will be administered by the MHA under the purview of the I4C scheme.

The government has also made provisions in its budgetary proposal for the acknowledgment of 5-10 employees from each organization, who have made exceptional contributions to generating cybersecurity awareness against cybercrimes. The Ministries are also asked to **recognize the officials as “Cyber Star of the Month”** as a reward and motivation to appreciate their effort.

The Home Ministry has come up with the **Cyber Jagrookta Divas** initiative **to improve the cyber hygiene of the country's institutions, especially those regulated by the government.** This initiative will facilitate the capacity building of government organisations and their employees to handle the issues related to cybercrime. The MHA is also looking into this initiative as an opportunity to spread cyber security awareness regarding how to report cybercrime. The government has established a couple of cybercrime portals to address the fraud and breaches in a systematic manner. In the long run, this initiative will make the employees of government organisations vigilant and cyber aware.

The third year and final year students of Department of Information Technology and faculties of Vasantdada Patil Pratishthan's College of Engineering and Visual Arts., attended this webinar. The webinar

was conducted using Google Meet platform. And total 95 students and faculties attended the webinar.

The whole session was very engaging. Students actively participated and asked their queries. Overall it was a great session. Students gained lot of knowledge.

Message for students:

□ VPPCOE&VA Department of Information Technology Updates  
Cyber Jagrookta Diwas

Greetings from IT Department, VPPCOE&VA!

In Cyberspace, There is rising trend of sophisticated cyber crimes against unsuspecting citizens and hence it is necessary to be equipped or aware of possible malpractice to, not to be a victim of these.

In order to sensitise about cyber crimes & preventive measures

We have organized an awareness program of Cyber Jagrookta Diwas

on topic Concept & Use of Cyber Hygiene in Daily Life for all members of staff and students.

This will be hosted by our faculty Prof. Darshana Tambe from Department of Information Technology.

▪ Date: 6th July 2022, Wednesday

▪ Time: 2:00 pm to 3:00 pm

▪ Venue: Seminar hall, 2nd floor, VPPCOE&VA

With best regards,

Dr. Pradip Mane

HOD and Associate Professor,

Department of IT, VPPCOE&VA.

Due to heavy rain the scheduled seminar on Concept & Use of Cyber Hygiene in Daily Life were conducted in online mode. Google meet link: [meet.google.com/rmz-juwn-vns](https://meet.google.com/rmz-juwn-vns)
