Respected Sir,

Myself, 'Sneha Patil' from F.E. AI and DS, writing this letter, to let you know that....., one of my classmate named as 'Rohit Zore' has started chatting with me on Whatsapp from past few days. Firstly ~~at~~ he started messaging me related to studies..... So, as a classmate I started helping him in studies. But after few days I got to know that - his point of view and intension towards me was totally different from other classmates. He started misbehavouring ~~in~~ with me on Whatsapp by sending unwanted messages. Even though I warned him to stop such type of unwanted messages on my chat, then too he continued the same. I also told him that, "If you don't stop this the I will take strict action against you". Then his reply to me was ----, "Do whatever you want". So, because of such type of messages, I am unable to concentrate on my studies. It creates distraction.

I hope that you will deeply look into this matter and do the needful. Kindly Take an appropriate Action.

Thanking You!

Subject: Apology letter for misbehaviour of my ward

Dear Sir,

I am writing this letter regarding my ward's misbehaviour towards fellow classmate Sneha Patil. By sending repetitive whatsapp messages even though after several warnings by her.

I assure you that this will not happen again and if happened then we will be responsible and agree what ever punishment will be given by the college authority.

Pushpa Yadav

According to me, this is very serious matter. Today, such type of things are happened with me. But from next time it should not take place with any other girl or me. So, as a punishment, I request college, to re-educate him for few days.

All possible institutional resources must be given to the functioning of the ICC, including office and building infrastructure (computers, photocopiers, audio-video, equipment, etc.), staff (typists, counselling and legal services) as, well as a sufficient allocation of financial resources.
- (3) Vulnerable groups are particularly prone to harassment and also find it more difficult to complain. Vulnerability can be socially compounded by region, class, caste, sexual orientation, minority identity and by being differently abled. Enabling committees must be sensitive to such vulnerabilities and special needs.
- (4) Since research students and doctoral candidates are particularly vulnerable the TIs must ensure that the guidelines for ethics for Research Supervision are put in place.
- (5) All TIs must conduct a regular and half yearly review of the efficacy and implementation of their anti-sexual harassment policy.
- (6) Orientation courses conducted in TIs for administrators must have a module on gender sensitization and sexual harassment issues. Regular workshops are to be conducted for all sections of the TI community.
- (7) Counselling services must be institutionalised in all TIs and must have well trained full-time counsellors.
- (8) Many TIs having large campuses have a deficit in lighting and are experienced as unsafe places by the institutional community. Adequate lighting is a necessary aspect of infrastructure and maintenance.
- (9) Adequate and well trained security including a good proportion or balance of women security staff is necessary. Security staff must receive gender sensitization training as a part of conditions of appointment.
- (10) TIs must ensure reliable public transport, especially within large campuses between different sections of the TI, hostels, libraries, laboratories and main buildings, and especially those that do not have good access for day scholars. Lack of safety as well as harassment is exacerbated when employees and students cannot depend on safe public transport. Shuttle buses must be provided to enable employees and students to work late in libraries, laboratories and to attend programmes in the evenings.
- (11) TIs must build requisite women's hostels, which is a priority area. For the growing population of young women wishing to access higher education, hostel accommodation is a necessity in both urban and rural areas and at all levels of higher education which provides a modicum of protection from harassment of all kinds,
- (12) Concern for the safety of women students must not be cited to impose discriminatory rules for women in the hostels as compared to male students. Campus safety policies should not result in securitization, such as over monitoring or policing or curtailing the freedom of movement, especially for women employees and students.
- (13) Adequate health facilities are equally mandatory for all TIs. In the case of women this must include gender sensitive doctors and nurses, as well as the services of a gynaecologist.
- (14) The Women's Development Cells in colleges shall be revived and funded to be able to carry out the range of activities required for gender sensitization and remain autonomous of the functioning of anti sexual harassment committees and ICCs. At the same time they shall extend their activities to include gender sensitization programmes in consultation with ICCs and help to disseminate anti- sexual harassment policies on campuses on a regular basis. The 'cultural' space and the 'formal academic space' need to collaborate to render these workshops innovative, engaging and non-mechanical.
- (15) Hostel Wardens, Provosts, Principals, Legal Officers and other functionaries must be brought within the domain of accountability through amendments in the rules or Ordinances where necessary.

4. Grievance Redressal Mechanism- (1) Every TI shall constitute an Internal Complaints Committee (ICC) with an inbuilt mechanism for gender sensitization against sexual harassment. The ICC shall have the following composition:-

- (a) A Presiding Officer who shall be a woman faculty member employed at a senior level (not below a Professor in case of a university, and not below an Associate Professor or Reader in case of a college) at the educational institution, nominated by the Executive Authority;
 - (b) Two faculty members and two non-teaching employees, preferably committed to the cause of women or who have had experience in social work or have legal knowledge, nominated by the Executive Authority;
 - (c) Three students (comprising of atleast one girl student) of Pre-Final/Final year at Undergraduate/ Diploma level Institute, as the case may be.
 - (d) One member from amongst non-government organisations or associations committed to the cause of women or a person familiar with the issues relating to sexual harassment, nominated by the Executive Authority.
- (2) At least one-half of the total members of the ICC shall be women.
 - (3) Persons in senior positions such as Chairman, Secretary of the Society & Principal / Director etc. shall not be the members of ICCs in order to ensure autonomy of their functioning.
 - 4) The term of office of the members of the ICC shall be for a period of three years. TIs may also employ a system whereby one –third of the members of the ICC may change every year.

5. Responsibilities of Internal Complaints Committee (ICC) or GSCASH - The Internal Complaints Committee shall:

- (a) Provide assistance if an employee or a student chooses to file a complaint with the police;
 - (b) provide mechanisms of dispute redressal and dialogue to anticipate and address issues through just and fair conciliation without undermining complainant's rights, and minimize the need for purely punitive approaches that lead to further resentment, alienation or violence;
 - (c) protect the safety of the complainant by not divulging the person's identity, and provide the mandatory relief by way of sanctioned leave or relaxation of attendance requirement or transfer to another department or supervisor as required during the pendency of the complaint, or also provide for the transfer of the offender;
 - (d) Ensure that victims or witnesses are not victimised or discriminated against while dealing with complaints of sexual harassment; and
 - (e) Ensure prohibition of retaliation or adverse action against a covered individual because the employee or the student is engaged in protected activity.
- 6. The Process for making Complaint and conducting Inquiry -** The ICC shall comply with the procedure prescribed in the Act, for making a complaint and inquiring into the complaint in a time bound manner. The TI shall provide all necessary facilities to the ICC to conduct the inquiry expeditiously and with required privacy.
- 7. Process of making Complaint -** (1) An aggrieved person is required to submit a written complaint along with supporting documents and names and addresses of the witnesses if any to the ICC within three months from the date of the incident and in case of a series of incidents within a period of three months from the date of the last incident.

- 8. Process of conducting Inquiry -** (1) The ICC shall, upon receipt of the complaint, send one copy of the complaint to the respondent within a period of seven days of such receipt.
- (2) Upon receipt of the copy of the complaint, the respondent shall file his or her reply to the complaint along with the list of documents, and names and addresses of witnesses within a period of ten days.
 - (3) The inquiry has to be completed within a period of ninety days from the receipt of the complaint. The inquiry report, with recommendations, if any, has to be submitted within ten days from the completion of the inquiry to the Executive Authority of the TI. Copy of the findings or recommendations shall also be served on both parties to the complaint.
 - (4) The Executive Authority of the TI shall act on the recommendations of the committee within a period of thirty days from the receipt of the inquiry report, unless an appeal against the findings is filed within that time by either party.
 - (5) An appeal against the findings or /recommendations of the ICC may be filed by either party before the Executive Authority of the TI within a period of thirty days from the date of the recommendations.
 - (6) If the Executive Authority of the TI decides not to act as per the recommendations of the ICC, then it shall record written reasons for the same to be conveyed to ICC and both the parties to the proceedings. If on the other hand it is decided to act as per the recommendations of the ICC, then a show cause notice, answerable within ten days, shall be served on the party against whom action is decided to be taken. The Executive Authority of the TI shall proceed only after considering the reply or hearing the aggrieved person.
 - (7) The aggrieved party may seek conciliation in order to settle the matter. No monetary settlement should be made as a basis of conciliation. The TI shall facilitate a conciliation process through ICC or GSCASH, as the case may be, once it is sought. The resolution of the conflict to the full satisfaction of the aggrieved party wherever possible, is preferred to purely punitive intervention.
 - (8) The identities of the aggrieved party or victim or the offender shall not be made public or kept in the public domain especially during the process of the inquiry.
- 9. Interim Redressal-** The TI may,
- (a) transfer the complainant or the respondent to another section or department to minimise the risks involved in contact or interaction, if such a recommendation is made by the ICC;
 - (b) grant leave to the aggrieved with full protection of status and benefits for a period up to three months;
 - (c) restrain the respondent from reporting on or evaluating the work or performance or tests or examinations of the complainant;
 - (d) ensure that offenders are warned to keep a distance from the aggrieved, and wherever necessary, if there is a definite threat, restrain their entry into the campus;
 - (e) take strict measures to provide a conducive environment of safety and protection to the complainant against retaliation and victimisation as a consequence of making a complaint of sexual harassment.
- 10. Punishment and compensation-** (1) anyone found guilty of sexual harassment shall be punished in accordance with the service rules of the TI, if the offender is an employee. Depending upon the severity of the offence, the punishments may include anyone or more such as a written apology, warning, reprimand, censure, undergoing counselling or carrying out community service, withholding of promotion, withholding of pay rise or increments and terminating the respondent from service.
- (2) Where the respondent is a student, depending upon the severity of the offence, the TI may,-

- (a) withhold privileges of the student such as access to the library, auditoria, halls of residence, transportation, scholarships, allowances, and identity card;
 - (b) suspend or restrict entry into the campus for a specific period;
 - (c) expel and strike off name from the rolls of the institution, including denial of readmission, if the offence so warrants;
 - (d) Award reformatory punishments like mandatory counselling and, or, performance of community services.
- (3) The aggrieved person is entitled to the payment of compensation. The TI shall issue direction for payment of the compensation recommended by the ICC and accepted by the Executive Authority, which shall be recovered from the offender. The compensation payable shall be determined on the basis of-
- (a) Mental trauma, pain, suffering and distress caused to the aggrieved person;
 - (b) The loss of career opportunity due to the incident of sexual harassment;
 - (c) The medical expenses incurred by the victim for physical, psychiatric treatment;
 - (d) The income and status of the alleged perpetrator and victim; and
 - (e) The feasibility of such payment in lump sum or in instalments.

11. Action against frivolous complaint- (1) To ensure that the provisions for the protection of employees and students from sexual harassment do not get misused, provisions against false or malicious complaints have to be made and publicised within all TIs. If the ICC or GSCASH concludes that the allegations made were false, malicious or the complaint was made knowing it to be untrue, or forged or misleading information has been provided during the inquiry, the complainant shall be liable to be punished as per the provisions of sub-regulations (1) of regulations 10, if the complainant happens to be an employee and as per sub-regulation (2) of that regulation, if the complainant happens to be a student.

12. Consequences of non-compliance-(1) The Council shall, in respect of any institution that will fully contravenes or repeatedly fails to comply with the obligations and duties laid out for the prevention, prohibition and redressal of sexual harassment of employees and students, take one or more of the following actions after providing due notice: -

 - (f) recommending the affiliating university for withdrawal of affiliation, in case of a college;
 - (g) Taking such other action within its powers as it may deem fit and impose such other penalties as may be provided in the All India Council for Technical Education Act, 1987 for such duration of time till the institution complies with the provisions of these regulations.
- (2) No action shall be taken by the Council under these regulations unless the Institution has been given an opportunity to explain its position and an opportunity of being heard has been provided to it.

Is gender equality only about a Man or a Woman? If yes then what about the other genders? So to present this topic, we came up with an idea of scrambled cube representing the current situation on gender equality where the society still hasn't accepted all genders such as Gay, Lesbian transgender, Bisexual as part of this democratic society pieces of the cube are shuffled to show LGBTQIA+ group is fighting for their societal independence and basic right to mark their recognition and acceptance with respect.

A webinar was given by Shreya kamlesh Pathak who is one of our students from SE EXTC department. The webinar was based on the topic "ARE TODAY'S WOMEN REALLY INDEPENDENT?"

WOMENS OF INDIA!

- If we trace the pages of history nowhere men and women were treated alike and assigned the same status. Women have been always fighting for their rights and position in society.
- They have several times urged for equality so that they can lead a life exactly on par with men.
- If we are talking about the women's status in Independent India, then it has been surely improved.
- The structural and cultural changes in India have brought into many opportunities for women in the fields of education, employment and politics.

How do we help?

1. Provide the ticket to a better life.
2. Support girls and women in crisis.
3. Mentor a girl close to home.
4. Invest in a small business owner.
5. Use your voice to help keep girls in school.
6. Help a new mom.
7. Tell the women in your life that you care.
